

# INDUSTRO KLEEN

## Description

**Industro Kleen** is a water-soluble, biodegradable, heavy-duty cleaner/degreaser that has been formulated with powerful surfactants, synthetic detergents, wetting agents, emulsifiers and water soluble solvents. This product may be used safely on most washable surfaces, including concrete, enamel, Formica laminate, vinyl, rubber, vinyl asbestos, linoleum, slate and marble, stainless steel, painted and unpainted metals, brick and masonry surfaces, painted woodwork and chrome. Solutions made from this concentrate are low to medium sudsing and will penetrate deeply into dirt, oils, greases, carbonized matter and other stubborn debris to dissolve and emulsify them so that they may be freely rinsed away without being re-deposited on the cleaned surface.

## Where to Use

**Industro Kleen** may be used in steel mills, textile plants, paper mills, factories, automotive dealerships and garages.

## Directions

Dilute with water to most appropriate concentration for effective cleaning. Some suggested concentrations include: General Purpose Cleaner 1:20; Concrete Floor Degreaser 1:20; Steam Cleaner 1:20; Shower Rooms 1:5; Wax Stripping 1:7; Bath & Tile 1:10. Apply with a sprayer, sponge, brush or steel wool. Agitate as required. Rinse thoroughly with water. Allow to air dry or wipe dry on smooth surfaces.

## Warning

Eye and skin irritant. Avoid contact with skin and eyes. If eye contact occurs, flush with water for 15 minutes. If irritation persists, consult a physician. If skin contact occurs, remove contaminated clothing. Wash with soap and warm water. If irritation persists, consult a physician. Do not take internally. If swallowed, give 1 to 2 glasses of water and call a physician. **KEEP OUT OF REACH OF CHILDREN.**

**Container Disposal:** Triple rinse container. Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other procedures approved by state and local authorities.

**Spill Or Leakage Procedures:** Contain spill & dilute with clear water. Large spills should be absorbed with inert material for proper disposal.

## Product Specifications

Color:	Clear
Odor:	Slight odor
pH:	12.0 - 13.0
Flash Point:	None
Lbs./gal.:	8.5
Shelf Life	One year in a sealed

container

**HMIS RATING:** Health-1 Flammability-0 Reactivity-0  
Personal Protection-B
