

STEAM AWAY

Description:

Steam Away is a highly concentrated liquid steam cleaner for fast, efficient cleaning and degreasing. **Steam Away** dilutes instantly and completely. **Steam Away** is also free rinsing and non-flammable. **Steam Away** contains no cresylic acid, no chlorinated solvents, no chromates and gives off no obnoxious fumes. **Steam Away** is non-scaling, non-clogging and inhibited to prevent corrosion. **Steam Away** is also bio-degradable and safe for run-off into sewers or septic systems.

Directions:

Depending on heaviness of soil to be removed, use 1/4 to 1 oz. of **Steam Away** per gallon of water at the nozzle. Generally, this is accomplished by using 1 to 3 quarts of cleaner in 5 gallons of water in the stock tank.

Caution:

Keep out of the reach of children. Avoid contact with skin and eyes. In case of accidental contact, flush with plenty of water.
